

1st Easo Educational Workshop on Breast Reconstructive Surgery
21-22 March 2009 Cairo, Egypt
Coordinators: V.Zanini, IT –D.De Monaco, CH
Host coordinator: O. Z. Youssef, EG

Aims And Objectives

The Euro-Arab school of Oncology (**EASO**) is pleased to announce its first workshop on the breast reconstructive surgery. This intensive two days workshop has been designed for dedicated surgeons (general, breast plastic surgeons) who wish to improve their skills in surgery of cancer patients and will expose participants to a unique learning experience providing practice oriented training.

The programme focuses on theoretical and practical sessions with interactive discussion between the faculty and the audience during the round tables sessions.
